

SEATTLE AQUARIUM

LEAN WORKSHOP

Summary

Group Registration Process

August 22, 2025

The Team

Executive Sponsor: Meg McCann

Business Sponsor: Darcie Larson

Lead: Paul Decker

Subject Matter Expert: Emily Fogarty

Workshop Team Members:

- Sofia Cano
- Henry Cabrera
- Greg Palmerino
- Shae Guinee
- Meagan Ashton

Bright Side Facilitators:

Noemi LaChapelle, Candria Rauser, and Laura Cain-Harris

Mission

Seattle Aquarium – Group Registration Process Lean Workshop

Definition of Success:

- **Streamlined** processes across groups
- **Person-focused** and job satisfaction for the team
- **Manageable**, the Registrar position is not overwhelmed/burnt out during the peak system
- **Efficient**, the Registrar can efficiently schedule the volume of sign-ups
- **Centralized**, information about the sign-up process and registrations is all accessible in one place (multiple parties can access and monitor throughout process)

Scope

Scope and Boundaries (SIPOC)

Who starts the process?	• School (Teachers/Admins) - via public webpage • Corporate Groups - via public webpage • Home-School Families - via public webpage • Connections Partners – through established relationship with aquarium via email or a link • Ad-hoc Groups - via emails or phone inquiries
What are the key inputs?	• Online registration form (webpage submission)
High-Level Process Steps/Phases	1. Submit completed registration form online 2. Select preferred visit dates and times 3. Receive a confirmation email with schedule details (dates/times) 4. Closer to visit date: receive a follow-up email with logistics and reminders 5. After the visit: receive feedback request email
Subprocess (<i>occurs during or after the main flow</i>)	• Scholarship Program Process (during registration) • Accessibility/Accommodation Request Process - (during registration) • Bus Reimbursement Process (after visit; separate process via DocuSign)

Scope (continued)

What are the outputs?	Confirmed date and time for self-guided visit
Who are the customers?	- School Teachers/Admins - Corporate Groups - Home-School Families - Connections Partners - Ad-hoc Groups
Process Partners	- Registrar - Guest Services Team (Acme ticketing system) - Connections Coordinator - Corporate Groups Team
Stakeholders (Impacted Groups)	- Visitor Engagement Team (floor staff) - Volunteers - Aquarium Educators (on-site classes and support)
Technology/Systems Used	"You Can Book Me" – Booking interface Acme – Tickets and payments interface Daily Visit Log (Excel) – Internal tracking Class Tracker (Excel) – Education program tracking Email – Communication Raiser's Edge – Donor tracking (used by Connections Team) DocuSign – Bus reimbursement processing
Out of Scope	- Group greetings – Who greets the group when they arrive? - Scholarship program administration details (criteria) - Volunteer staffing - Accommodation processing - Subprocess: Bus reimbursements (processing of payment phase)

★ Agreements ★

- No distractions — Phones
- Step up, Step up
 active Listen
- Assume Best Intent
- Think Big / Think Bold
 You are the experts
- Be people not titles
- Do what you need to do to
 Care for Mind / Body

Pain Points

Themes in Scope:

- Multiple Software Systems
- Human Error
- Internal Systems (Process)
- Communication
- Rescheduling

Future State

Improvement Ideas

Themes

- Research current software capabilities
 - Acme
 - YCBM
- Re-evaluate automated emails
- Create a decision tree for Code of Conduct
- Develop registration checklist
- Develop virtual webinar/workshop option
- Research automated voicemail system

PICK Chart

Selection Criteria

Level of Impact (must meet 1)

- Streamlines
- Person-focused
- Manageable
- Efficient
- Centralized

Difficulty Level

- Ease of change
- Can be improved within 90 days
- Budget
- Capacity
- Risk (IT)

Action Plan Highlights

Themes

- Deep dive existing platforms and their additional capabilities to further optimize process
- Revisit email content and templates
- Develop a registration checklist tool
- Create a virtual booking event for workshops
- Research automated voicemail system to create FAQ recording

Seattle Aquarium Group Reg	
Task	Description
Create a decision tree for code of conduct & chaperone minimums to eliminate uncertainty	
Meet with SPP team	
Evaluate current state process	
Meet with stakeholders such as VE, Guest Services, Connections, Schools	
Draft policies
